# ADOS-2 TRAINING

FACILITATED BY RACHEL J. HUNDLEY, PH.D.

**COST:**  
**\$500/PERSON**

## PURPOSE

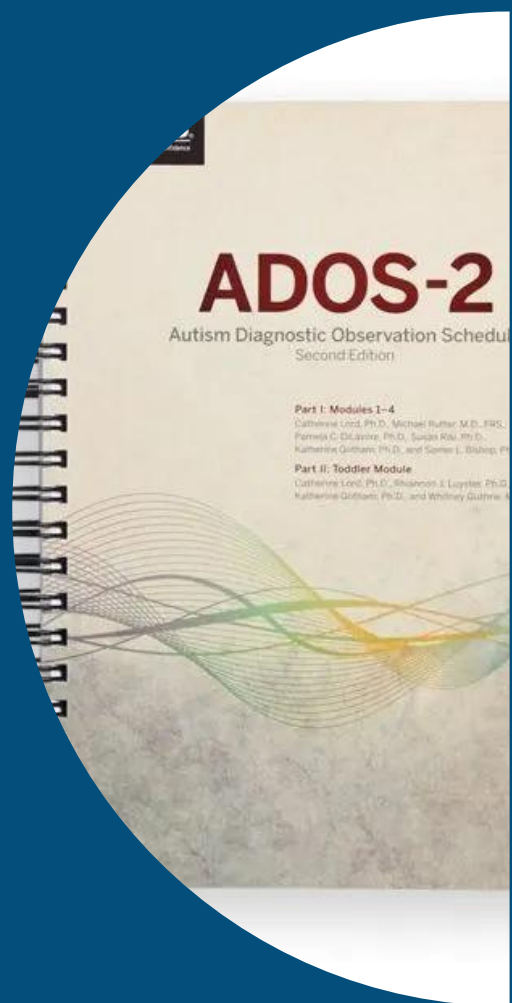

ADOS-2 Administration and coding are highly standardized. Therefore, valid assessment requires a trained and clinically experienced examiner.

## COURSE DESCRIPTION

Each two-day workshop covers use of ADOS-2, how to administer and score it, and general diagnostic issues. An experienced workshop leader describes the ADOS-2 and demonstrates administration and scoring, operationalizing diagnostic criteria for ASD. You'll have the opportunity to practice scoring while observing an instructor administer the ADOS-2 to a child with ASD. The workshop focuses primarily on Modules 1 through 4 as well as the Toddler Module.

## LEARNING OBJECTIVES

- Demonstrate a basic understanding of how to administer and score the ADOS-2
- Explain issues in the clinical application of ADOS-2 results
- Describe use of the ADOS-2 for operationalizing diagnostic criteria for autism spectrum disorders

# REGISTER HERE

*PARTICIPANTS ARE REQUIRED TO PURCHASE THE ADOS-2 MANUAL PRIOR TO TRAINING*
