WASCD is proud to partner with Dr. John Hannigan as we offer this workshop that focuses on alternative discipline strategies to ensure that students who may display misbehavior have the opportunity to continue their learning both behaviorally and academically. This workshop will help teachers and administrators use alternative discipline methods to create positive, meaningful, and long-term behavior shifts for students.

Participants are encouraged to have a copy of *Don't Suspend Me: An Alternative Discipline Toolkit* (2nd Edition) in order to fully engage in the presentation as resources mentioned are in the text. Purchase at [Amazon](#), [CORWIN](#), or another retailer of your preference.

Dr. John Hannigan: John is a sought after consultant and speaker with a track record of success. This includes being the Principal of California's first Model PLC Elementary school as named by All Things PLC. In addition to John's consulting, he is the author of many texts on supporting students socially, emotionally, and behaviorally. This includes Behavior Solutions, Don't Suspend Me, Building Behavior, and The MTSS Start-up Guide. John is a successful school leader who you will also find to be practical and personable.
