

eduCLIMBER Training

RENAISSANCE

Join us for these FREE one-hour virtual training sessions on eduCLIMBER.

You will learn at least one specific feature of eduCLIMBER in more depth and then have time to ask questions and problem-solve with an eduCLIMBER trainer as well as network with others in our region. These sessions will be recorded. If registered, you will receive a link to the recording in the event that you cannot make it to the live session.

Contact Amy McGovern at amcgovern@cesa9.org for more information.
