

Literacy Assessment/Reading Readiness Workshop & Vendor Fair

Join us for a FREE workshop to reflect on your district's strategic assessment system for literacy. Districts will also consider the Wisconsin Reading Readiness requirement and how their assessment data meets these criteria. Vendors present virtually as teams consider what assessment data is essential to be gathered, how it fits into the greater assessment and instructional system, and how this data can be accessed and used for planning responsive literacy instruction.

Participants are able to attend in person at CESA 5 or virtually.

**Monday,
February 6,
2023**

8:30 am - 2:30 pm

Registration is FREE
