

Educator Effectiveness Calibration Session for Evaluators of Teachers

CESA 9 is hosting a group calibration for evaluators in the EE system. This is an opportunity to collaborate and learn from each other AND to fulfill the annual calibration requirement.

Participants will:

- Simulate an evaluation experience
- Align evidence to their EE model
- Discuss evidence and possible feedback for educators
- Collaborate with area colleagues around best practices in supporting educator growth

Lunch will be provided for those also attending the Principal/Curriculum Leader Network meeting in the morning on this day, however, please register for BOTH events for planning purposes.

Register here:
