This workshop will provide the opportunity for participants to review and study the 2023-2024 Federal reports. Reports for ESSA and IDEA are shared through the WISE Secure Access File Exchange (SAFE) portal in February. Participants will gain an understanding of the many sections of the reports with time provided for unpacking the data. The workshop will also structure networking around action steps. Register a data team to learn more about these reports, how they connect to your district/school data and plan for the next steps.

## OBJECTIVES

- Explore the reports
- Compare this year to last year
- Review and analyze data
- Plan for next steps
- Network with other districts

## WHO SHOULD ATTEND?

- District personnel with the responsibility of communicating the meaning of the report to other stakeholders. (i.e. Title I Coordinator, Principal, Superintendent, curriculum coordinators, English learner coordinators, school counselors, Special Education directors)
