Do your ELA and Math
curricula fully support the
Common Core State
Standards?

Will your students be ready
for the SMARTER Balanced
Assessments in 2014-2015?

The Curriculum Review Day is intended for curriculum directors and/or district administrators who are responsible for the implementation of the Common Core State Standards. The purpose is to provide an opportunity to examine a variety of CCSS curriculum options. The day will include presentations from CCSS curriculum vendors CESA #7 and Build your own Curriculum (BYOC). In addition, attendees will be given an opportunity to examine the Common Core Curriculum Maps (ELA only) from the Gates Foundation and investigate curriculum frameworks from other state and online sources. The day will conclude with a whole-group networking session to discuss the curriculum adoption and revision process at the local level.
