

# MATH EDUCATOR NETWORK SERIES

All students face struggle, and they should--it is how they learn and grow. The teacher's job is not to remove struggle, but rather to facilitate it by helping students develop good habits of productive struggle. As educators, we need to develop an action plan for how to achieve this, especially when it comes to math.

Series Dates  
November 8, 2023  
January 31, 2024  
April 24, 2024

- Network with regional Mathematics Educators
- Stay up to date with our local, state, and national initiatives
- Learn from guest speakers
- Expand Standards for Mathematical Practices Instructional Strategies
- Engage in a network book study of: *Productive Math Struggle: A 6-Point Action Plan* for Fostering Perseverance by John J. SanGiovanni, Susie Katt, and Kevin J. Dykema

---

*"Student struggle is not something that is 'fixed' by the teacher. It is a process that is facilitated by the teacher."*

---

Series cost: \$500 per person

Participants will need to purchase the book prior to the November meeting: ***Productive Math Struggle: A 6-Point Action Plan for Fostering Perseverance***
