- Fri. 2/16/24 9a.m.-11:15a.m. - [Register Here](#)

**Dr. Lori Desautels, Ph.D.**, joining us virtually for a 2 hour a.m. session on both Dec. 4 and Feb. 16, 2024, where she will unpack ideas & concepts as connected to neurological development (the brain) and how that impacts behavior and responses. She will build learning from Session 1 on 12/4 to Session 2 on 2/16, as part of this series. Please preview Lori's website of **FREE** resources - [Revelations in Education](#) - to gain understanding of her work. Dr. Lori will draw information from her books - *Connections over Compliance* and *Intentional Neuroplasticity*.

Join us for a full day of learning and networking, or if your schedule does not allow, we are offering a "virtual only" option for each of Dr. Desautels' sessions. You can register for one or both above!
