This is an Academic and Career Planning series that is a continuation of the work we have been doing in our CESA 12 schools. We will be working on building up sections of our E4E plans and updating our plans for our annual board reviews. We have great series that should be attended by your ACP teams.

Sign your team up on MQR. The goal is to have at least one of your team members participate in each session.

There will be 6 one-hour sessions which dig into important topics related to your E4E plans.

Your E4E plan will be ready to be reviewed by your board and you'll have resources to help you with the work!
