

School Psychologist **NETWORK**

October 3, 2023

February 1, 2024

April 8, 2024

9:00am - 3:00pm

The role of the school psychologist is vital in helping to ensure all students are well-prepared for college and the workforce.

This network is designed to provide opportunities for all school psychologists to share and collaborate on best practices that help create collaborative equitable systems and processes.

The School Psychologist Network (SPN) particularly highlights successful practices in assessment, intervention, and supporting multi-level systems of support that are focused on meeting the diverse needs of all students.

We look forward to working with you this year!
