

BEST PRACTICES IN EARLY CHILDHOOD ASSESSMENT, EVALUATIONS AND ELIGIBILITY

**March 22, 2024
8:30AM-3:30PM**

Location: CESA #4
923 Garland St E, West Salem

Have you ever wondered: What should Assessment look like in early childhood? What constitutes a high quality special education evaluation for a preschooler? When considering eligibility for our youngest learners, what factors must we consider?

In this full-day in-person workshop, we will address these questions as well as:

- explore how assessment is critical in helping us understand and support young children's learning;
- discuss how evaluations provide information to make critical decisions about how to educate the student so they can access, engage, and make meaningful progress toward meeting age and grade level standards;
- dig into factors teams must consider when making eligibility decisions for preschoolers

Audience: Anyone who engages in special education assessments or evaluations for preschoolers.
