Equitable Multilevel Systems of Supports

Universal PBIS Framework Tier 1 Training

Implementing an equitable multi-level system of supports means providing equitable services, practices, and resources to every learner based upon responsiveness to effective instruction and intervention. School and district leadership teams are invited to participate in this interactive day of learning led by statewide EMLSS Coordinators and local CESA coaches.

This training is designed for school and district leadership teams within Wisconsin public schools, independent charter schools and tribal schools. **Ideal teams have 6-8 members who are committed to working together for at least a full year and who are prepared to engage families, community members, and students in decision-making.**

OBJECTIVES:
