Be WISE for Leaders: WISEdash Foundations and Critical Data for Leadership

January 29, 2024   9:00am-2:00pm

This session will target learning specific for school and district leaders; Principals, Special Education Directors, Pupil Services Directors, Superintendents, and Grant Coordinators.

We will provide training and guidance about best-utilizing WISEdash Tools. Specifically, we will use a data inquiry process - guiding your leadership moves within WISEdash for Districts. Finally, we will introduce the WISExplore process components for your continuous improvement efforts.

- ☑ *If you are looking for navigation - this is for you.*
- ☑ *If you wonder how to disaggregate student data - this is for you.*
- ☑ *If you'd like to learn how to group students and follow their progress over time - this is for you.*
- ☑ *If you need to track trend data for academics and systems in your school - this is for you.*
- ☑ *If you are new to your role and need to get acquainted with WISEdash for Districts - this is for you.*

Participants must have access to WISEdash for Districts PRIOR to attending the workshop.
