

ALTERNATIVES TO SUSPENSION SERIES

Virtual

This workshop will:

- cover up-to-date information regarding the best practice use of suspensions/expulsions and important considerations for changing behavior
- review best practices when considering procedures to support behavior changes
- identify some of the main reasons there are suspensions in our region along with sharing possible alternative approaches to those situations.

This virtual workshop will be recorded and shared with those who register.

There will be two follow-up sessions available for those who register for the main workshop. Follow-up sessions will include support for action steps, Q/A along with networking opportunities, and additional resources based on participant questions and requests.
