## Deeper Dive into Educlimber

2024  
April 30  
9:00 AM - 3:00 PM

GUEST FACILITATOR  
Adam Broten

### Leveraging eduCLIMBER - Using smartFORMS/Thresholds to Support ACT 20

eduCLIMBER allows users the ability to trigger the creation of forms/plans based on data metrics being met within the system. This is done through the use of smartFORMS and Thresholds. This can provide greater efficiency and collaboration for buildings and teams. Through a Learn, Practice, Apply approach, this workshop will provide participants with time to explore and create within these features. Specifically, we will look at WI State 3rd Grade Reading Plan templates that can be pulled into your eduCLIMBER system, and how to customize them to meet your needs (smartFORMS). Additionally, we will explore how your data can trigger these plans into action (Thresholds). This custom training will be facilitated by a current WI administrator, eduCLIMBER user, and eduCLIMBER trainer.

#### OBJECTIVES

- Learn about and create smartFORMS for state reading plans (or for other needs building needs)
- Investigate the climberCLOUD to download and customize forms for district use
- Learn about and create Thresholds that align to smartFORMS
- Learn and practice within the eduCLIMBER platform in real time with the flexibility to ask questions and get individual support

#### DETAILS

Register ONLINE:

- [www.cesa6.org/events](http://www.cesa6.org/events)
- \$150/person

#### LOCATION

CESA 6 Conference Center 2300 State Road 44, Oshkosh

- On-site check-in: 8:30 AM - 9:00 AM

#### WHO SHOULD ATTEND?

Curriculum directors, technology directors, principals, building leadership teams, teacher leaders

#### QUESTIONS?
