

Taking Your Career Pathway to the Next Level

Most schools have 1-2 teacher programs with limited resources to support in-depth, engaging career pathway curriculum. How can you provide your students with engaging career-based learning experiences, career readiness benchmarks, meet standards and competencies to prepare them for the next level without burning yourself out? Attend one of these full day workshops to collaborate on practical solutions.

Workshops: 8:30 AM - 3:00 PM

- Aug 01- Manufacturing/Architecture and Construction
- Aug 08- Hospitality and Tourism
- Sept 24-Information Technology and Computer Science
- Sept 25- Health Sciences
- Sept 16- Agriculture, Food and Natural Resources
