the Smart Thinking Podcast

Who Should Attend?

All in education. This is a great opportunity for you and your teams to be together in a highly energetic setting designed for teams to work together after acquiring new knowledge and have plenty of time to enjoy each others' ideas and company. Team-building activities will be part of each day and all will be highly engaged throughout the two days. This conference is designed for adult learners with food, music and socialization as a key component of the time together. You will not be sitting at a table for hours - instead, you will be enjoying time learning, growing and actively collaborating.
