

# Impactful Early Literacy Practices: 2 Day, In-District Leadership Institute

Act 20 Approved! Reading Training for Leaders

**Leadership matters to move beyond checking the boxes to a solid commitment to improving literacy practices for better student outcomes.**

Lead your building or district from simple Act 20 compliance to a strong commitment to changes in classroom instructional practices in literacy—partner with CESA 6 Literacy to explore the impact for leaders. We will help you build capacity in your system so that teachers and leaders are supported throughout the journey toward improved literacy instruction. Agnostic of the Science of Reading content training platform your school or district utilized, CESA 6 Literacy will strengthen the learning and turn it into successful practice shifts in the classroom.

## Goals

- Two (2) day “add on” leadership training for leaders who are attending any teacher/leader asynchronous Science of Reading training, to meet the 6-day leadership training requirement in Act 20
- Build internal expertise and internal capacity for continuous literacy improvement
- Understand knowledge-building curriculum and structured literacy
- Explore the change process and change management
- Reflect upon current practices related to instructional frameworks and instructional routines
- Learn leadership strategies that ground the strategic planning process to support literacy improvement
- Understand how to identify “practice changes,” set goals, and identify critical first-action steps
- Explore and practice instructional routines and how to support growth in the classroom
- Practice and apply the learning content

Pair this 2-day leader training with in-district Implementation Support Coaching. [CLICK HERE for more details.](#)
