Overview

The CESA 6 Residency in Teacher Education Program substitute teacher training will teach and engage prospective substitute teachers in activities that mirror real classroom situations.

Our instructor will model various teaching strategies that substitute teachers can acquire in the classroom. Additionally, participants will gain an understanding of effective teaching principles to prepare for future substitute teaching assignments.

Who Should Attend?

Wisconsin school districts need and want to hire and retain qualified substitute teachers. To be issued a three-year, short-term substitute teacher license, an individual must hold an Associate's degree or higher and receive DPI-approved training. CESA 6 training is geared toward those **new** to Substitute Teaching and/or those interested in growing their skills as a Substitute Teacher for work throughout Wisconsin.
