

Does Managing Your Classroom Feel Overwhelming?

This is a multi-part virtual series with educators from around the region with the same desire as you to destress your classroom management. We set aside time to make connections with others, share strategies to enhance your classroom management, take time to listen to and answer your questions, utilize the wealth of experience within the group itself, and simply create a safe place where you can leave feeling like you are better equipped to handle classroom management than when you

Benefits

- **6 virtual 2 hour sessions**, each in classroom management support
- **Connect with peers** who understand your daily struggles and triumphs
- **Share and learn strategies** to create more organized, positive, and productive learning environments
- **Leverage collective experience** to gain insights and tips from seasoned educators who have successfully navigated classroom management challenges
- **Participants will be actively involved** in discussion, exchanging ideas, and resources with one another and selecting future meeting topics based on the groups needs

Pricing

- \$80 per session or \$210 for all 6

Register for this virtual series and take the first step towards a more manageable and enjoyable teaching experience. Transform your classroom management and inspire your students like never before.

“

I liked learning about all the different ways that people think and perceive things. I think that this really helped me to reflect on how I work with other staff on my team and how we can understand the thought process they may be going through. Instead of becoming offended or combative, how we can all work towards our common goal uniquely.
