

Student CARE Collaborative

Extended Collaborative Series

*The Golden Rule:
Treat others the way THEY want to be treated.*

The 24-25 Student CARE Collaborative meetings are scheduled for Fridays from 9:00 AM - 3:00 PM* as follows:

October 4 | December 10 | February 28 | May 9

Based on 23-24 participant feedback, the Student CARE Collaborative Series will undergo the following structural adjustments:

9:00 AM-12:00 PM Formal Content & Facilitated Collaboration | Lunch for full day participants | 12:30-3:00 Consultation & Collaboration Time

The Student CARE Collaborative provides opportunities for leaders, specialists, and educators to engage with peers about pupil services-related topics of interest within and across professional disciplines. Additionally, **member districts have access to periodic consultation from field experts.** The information, training, and collaborative discussions related to mental wellness and other social, emotional, or behavioral topics require effective systems and supports to be in effect so that schools can meet the needs of the whole student.

Facilitators

Erin Devenport
School Psychologist, SEL
edevenport@cesa6.org

Christi DeChamps
School Social Worker, SEL
cdechamps@cesa6.org

Kristin Lorino,
