

Social-Emotional-Behavioral Collaborative Series

2024-25 Series: Oct 28 | Dec 3* | Jan 23 | March 20 | 12 PM - 3:00 PM
December 3 is a full day 9-3 In Person ONLY

Focus on the strategies, interventions, and system structures for students who need additional support related to social-emotional learning, mental health, trauma, and neurodiversity, all of which can be activators for challenges with regulation, sensory processing, and executive functioning skills. Participants will engage in shared learning in topics related to supporting students with the above needs and/or missing skills through an asset-based lens. Topics addressed will include:

- Evidence-based **interventions** with application strategies to support Social-Emotional-Behavioral Growth
- Effective data collection and monitoring for SEL and behavior supports (aligned with eligibility requirements)
- Practical tools, strategies, and interventions that support the success of some of our most unsettled students
- Facilitated networking and problem-solving opportunities

2024-25 Event Topics

October 28 | Session 1 Visual Supports & Prompting

Leverage two of the most powerful intervention strategies to support learning, communication, success and independence.

December 3 | Session 2 Simple, But Not Easy: Behavior Management (FULL DAY IN PERSON ONLY)

Join us as Dr. Richard Van Acker shares prevention and intervention strategies to support behavior management across systems.

January 23 | Session 3 FBAs/BIPs

Together we will dig into best practices for FBAs and BIPs. Participants are encouraged to bring student data to complete an FBA and develop a strengths-based BIP.

March 20 | Session 4 Executive Functioning

Explore evidence-based strategies to support the growth of critical executive functioning skills including: planning, organization, emotional regulation, flexibility, and time management.
