October 16 - 9:00-3:00 (In-Person at CESA 6)
Feb 3 - 8:30-11:30 (Virtual)

Facilitator:

Lori Menning l Consultant l EL/Bilingual

ACCESS for ELs Support Series provides comprehensive training and support for school districts to ensure accurate and effective administration of the ACCESS for ELLs tests. Including:

- **Proctor Training:** Equip your staff with the skills to confidently and correctly administer the ACCESS tests, ensuring test integrity and reliability.
- **Data Verification:** Learn best practices for verifying and managing test data to maintain accuracy and compliance with state and federal requirements.
- **Data Utilization:** Empower your team to interpret and use test results to drive program planning and instructional strategies, enhancing educational outcomes for English learners.

Outcomes

- **Enhanced Test Administration:** Ensure all district staff are well-trained in test protocols, guaranteeing the validity and reliability of test results.
- **Accurate Data Management:** Provide tools and techniques for precise data verification and management, ensuring integrity in reporting.
- **Informed Decision-Making:** Empower districts to use test data effectively for programming and instruction analysis, improving educational outcomes for English learners.

Benefits

- Compliance and Accountability
- Accurate data for planning and delivery of support services
- Professional Development for managing the ACCESS testing process
- Efficiency and Consistency

Details
