8:30 AM - 3:30 PM

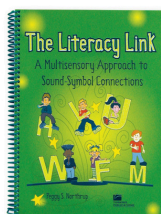

Presenter

Peggy Northrup, M.S.,CCC- SLP

This course will present a kinesthetic, hands-on approach for bridging the gap between phonological awareness, reading, and written language. Attendees will learn specific hand symbols for consonants and vowels that will assist in teaching rhyme, alphabetic code, sound-symbol relationships, phoneme segmentation and blending. Attendees will also gain an understanding of the phonological awareness continuum and which activities should be taught when. Attendees will learn many songs and over 50 phonological awareness activities that can be implemented immediately into the classroom with any language arts curriculum. Phonological Awareness Assessment will also be covered. The children will “love” this method of teaching literacy.
