

Maximize Your Touch Using Your Ipad within the Classroom

June 25-26, 2012

Presenter: Paula Walser, Director of E-Learning

This introductory level course will introduce participants to the iOS devices from Apple computing including the ipad, ipod and iphone.

Participants will learn to:

- Use the basic operation of the iPad iOS
- Learn how to use education specific apps designed for the iPad
- Apply the capabilities of iPad for supporting teaching and learning
- Create lessons using the iPad and related apps
- Read and discuss with classmates – articles about use of iOS technologies within the classroom

Participants will be provided with:

- Instruction in basic use of the device including cameras, microphone, speakers, navigation, and organization of apps.
- "Hands-on" instruction on classroom apps in the areas of reading, writing, art, music, organization, math, scientific exploration, and fact finding
- Access to a website full of resources for using this powerful mobile technology tool within the classroom.
- Comprehensive listing of apps by curricular category
