

# Multi-Categorical Networking Meetings

## Do any of these concerns sound familiar?

- Not enough time or support
- Parent issues
- New students arrive without a BIP
- Student scheduling problems
- How to support students without materials
- IEP writing problems
- Best supports for different disability areas
- Frustrations with other teachers

## Join us for the organizational meeting of the multi-categorical networking groups!

Whatever students with disabilities you work with, this group will offer you suggestions and support. Meet other teachers who encounter the same concerns, and discover support from your colleagues. Coming to the organizational meeting will give you a voice in planning future meetings and topics of discussion. Other issues which will be addressed include: The new SLD criteria, the changing role of special education teachers, RtI, behavioral concerns, PBIS, indicator update, *and much, much more!*
