Testimonials from Recent Brain Works Attendees...

“Can’t wait to try these activities in my classroom and with my own children to see how it affects their attention, balance, coordination, academic areas, etc.”

“I loved participating. It was not ‘sit and get.’ Yes!”

“This was an excellent workshop. One of the most beneficial I’ve ever taken. Thank you!”

Participants will experience and learn activities that :

- Maximize learning capabilities
- Stimulate nervous system activity in all parts of the brain
- Lessen the fight or flight reaction
- Develop new neuro pathways when learning feels “stuck”

Participants will apply these strategies to their specific learning environments

Questions: 608-742-8814

Genevieve Kirchman @ Ext. 247

Registration: Andrea @ Ext. 293

Refunds will only be given for cancellations received up to five working days before workshop start date.
