## Curriculum Companion Boot Camp

Friday, June 8th, 2012

CESA #3 from 8:30 – 3:30

Conference Room C & D

Registration Costs: \$100 Per Person

Lunch and materials are included

Designed by national content experts and Wisconsin educators, the Curriculum Companion provides a scope and sequence framework to teach the Common Core Standards in ELA and Mathematics. This workshop is intended to provide an introduction and overview of the Curriculum Companion for skilled curriculum leaders and/or content leaders who have already purchased the Curriculum Companion tool. This Boot Camp is intended for instructional leaders from school districts who plan on deploying this training on their own in their district.

### Workshop Goals:

- Examine the structural elements in and design of the Curriculum Companion.
- Learn how to navigate through the Companion features.
- Investigate the Inquiry Modules that have been designed for ELA and Mathematics at each grade-level.
- Examine key decision points regarding implementation.
- Create an Action plan for implementing the Curriculum Companion.
