

# How Do I Assess the Common Core Standards in High School Math Courses?

Thursday, October 18, 2012 • 8:30 a.m. - 3:00 p.m.

**Presenter: Mary Ann Hudziak**  
CESA 6 Coordinator of Math and Science

## Description

This workshop will look at the Wisconsin Common Core Standards for mathematics and where they fit into your high school courses. We will examine how to assess if students are meeting the expectations of these standards and if the standards are meeting the expectations of the students. Of course, much of this is dependent upon the instruction, so how can you feel more confident as a teacher instructing to the intent of these standards?

## Workshop Objectives

- Examine how you are instructing to the Wisconsin Common Core Standards for Mathematics.
- Develop assessments that answer: "How do I know my students are proficient in these standards?"
- Where do the "Plus Standards" of the Common Core fit into instruction?
- Learn how to incorporate the Mathematical Practice Standards into your instruction at the high school level.

## Who should attend?

High School Math Teachers; High School Instructional/Math Coaches or Specialists; High School Special Education Teachers; other High School EL Teachers

## For additional information contact:

Mary Ann Hudziak, CESA Coordinator of Math and Science—[mhudziak@cesa6.org](mailto:mhudziak@cesa6.org) or 920.236.0523

**Cancellation Policy:** Any registration cancellation must be received 48 hours before the scheduled date for a refund to be issued. Because attendance at most sessions is limited, persons registering and not in attendance on the day of the session will be charged the full registration fee. CESA 6 reserved the right to cancel any session due to insufficient enrollment. Participants will be notified by email or phone if a cancellation occurs.
