

School Psych Seminar

Friday, November 30, 2012

8:00 Registration

8:30-3:00 pm Seminar

School Psychologists and other interested school staff are invited to a psychology update with Kathryn Bush, DPI School Psychologist. Participants will gain knowledge about Computer Adaptive Testing (CATS) and the underlying Item Response Theory (IRT) and the difference between IRT and classical test theory.

Learn how CATs and Curriculum Based Measures (CBMs) are used for measuring student growth in multileveled systems of support, and their use in Wisconsin's SLD rule.

Learn the scoring rules for written expressions, and compose contract measures in six of the eight areas of SLD.

Registration deadline:
