

## iPad Basics for Educators

January 9, 2013

**Instructor: Jim Welander**

An iPad is a cross between a tablet, a computer and a mobile device that is rapidly being adopted into many classrooms. iPads are great for learning, content distribution, content creation and independent instruction on the go. In this workshop you will learn how to work with and manage your iPad as an individual user. We will cover the basic functions, apps and media use on the iPad. **iPads are provided for use during the workshop.** This is a hands-on workshop.

**Prerequisites:** No prior iPad experience necessary **Audience:** K-12 Educators & Administrators
