

CESA 8 Curriculum Intervention and Assessment and Title I Departments Present:

Math Intervention

with *Carole Foreman*

October 4, 2012

9:00a.m. – 3:00 p.m.

**CESA 8 Office
223 West Park Street
Gillett, WI 54124**

Do you have students who struggle with word problems? Wait until they try Singapore Math's Model Drawing Strategy. This highly visual approach bridges the gap between the concrete level (manipulatives) and the abstract level (algorithms). It helps students to see the relationships between numbers. The model drawing strategy is easily incorporated into any math curriculum and is one strategy recommended in the Common Core State Standards. In this workshop you will learn a step by step approach to use with students to solve addition, subtraction, multiplication and division problems.

Cost: \$20.00 per workshop per participant from Curriculum Instruction & Assessment and CESA 8 Title I School Districts
\$100.00 per workshop per participant from school districts outside of CESA 8.

Registration: All registration will be made through our online system which can be found at www.myQuickReg.com, or go to the CESA 8 webpage and click on the red link at the bottom of the page.

Registration Deadline: September 29, 2012

Information: Eric Larsen, elarsen@cesa8.k12.wi.us, or
Betty Kaliebe, bettyk@cesa8.k12.wi.us
