Leadership for Today and Tomorrow

Building Leaders for Today & Tomorrow

Facilitated by: Keith Fuchs
CESA 6 Executive Director of the LEaD Center

This is a 3-Session Series:

September 19, 2012
January 16, 2013
May 1, 2013

Overview

As a building administrator and educational leader, are you truly prepared to lead your staff on its journey into the future? Do you possess the knowledge, skills, and abilities to guide your staff through the complex challenges they and you will face in today's and tomorrow's educational world? Do you fully comprehend the roles and responsibilities you, as a building leader, must successfully fulfill in areas such as educator effectiveness, common core, technology, and regular/special education law? Do you have the leadership aptitude necessary to create an educational culture within your building that empowers your staff to be leaders, not simply followers? If your answer to each of these questions is emphatically "yes", then you are not in need of this leadership development opportunity. However, if you cannot categorically respond "yes" to each of these questions and you believe that there is greater capacity within you to enhance your leadership knowledge, skills, and abilities, then you should consider participating in the "Building Leaders for Today and Tomorrow" program.

This leadership development program will provide you with the opportunity to build upon your personal network of colleagues and to augment your leadership knowledge, skills, and abilities in the areas of:

- Leadership for Student Learning;
- School Climate;
- Human Resources Leadership;
- Organizational Management;
- Communication and Community Relations; and
- Professionalism.

Video Presentation/Dates

Recognizing that it is difficult for all of the approximately 285 building administrators in CESA 6 to leave your building to attend these three sessions, CESA 6 will be offering **Building Leaders for Today & Tomorrow** in its traditional presentation model, but we will also offer administrators an opportunity to purchase a member's only access to a web video of each of the sessions that will be accessible on the CESA 6 website shortly after the actual event. Building leaders who choose to access and observe the sessions from the CESA 6 website will be notified shortly after the sessions as to when they can access this member's only site and observe the sessions.

Presentation Schedule
