It has finally arrived, the long anticipated next level of Leveled Literacy Intervention! The Red system is meant for grade three students but has leveled texts through level Q, this will reach into fourth grade. There are many differences in the Red system from the Orange, Green, and Blue systems: namely the lesson plan format and the time difference for the intervention. There is a new prompting guide out as well specifically for comprehension. Please come and spend two days with your fellow LLI teachers to learn about this new intervention.

Sponsored by: State Title I Network.

Learning Outcomes:

Participants will...

1. Learn the new lesson plan format of the LLI red system.
2. Explore the Prompting Guide 2 for comprehension.
3. Evaluate their schedules for this change in programming and servicing students.
