

Early Childhood Afternoon Workshop Series Rtl for Early Childhood

Friday Afternoon
October 12, 2012
1 – 3:30 P.M.

Gaye Tylka, Statewide EC Rtl Coordinator

This workshop will follow the October 12th a.m. EC Networking meeting & be held in the same location:

Middleton Cross Plains Area School
District Administration Building
7106 South Ave

Federal legislation that outlines requirements for Response to Intervention models in public schools offer no specific provisions to support Rtl in early childhood settings. Indeed, limited research and resources indicate that evidence based practice in this field will require a thoughtful, well-informed process to move forward successfully. To guide learning in this area, this afternoon workshop will provide an overview of current research, trends and best practice, including special considerations for application to early childhood and an interactive format. Please join us to learn more about how Rtl can benefit your preschoolers.

The CESA #2 IDEA Early Childhood Grant (CFDAs #84.173) acknowledges the support of the Wisconsin Department of Public Instruction in the development of this training and for the continued support of these federally-funded grants.

Gaye Tylka, MSE joined CESA #4 in 1992 as the Early Education Director after 15 years of direct service to children and families in a variety of settings. Through CESA, she has provided training and technical assistance to special and general education teachers of young children across the state. Gaye serves on the WI Model Early Learning Standards (WMELS) Steering Committee & is an approved WMELS trainer; an affiliate instructor for UW-La Crosse and Viterbo University; and a past president of the WI Division for Early Childhood – Council for Exceptional Children. Currently, Gaye serves as the Early Childhood Response to Intervention (Rtl) Statewide Coordinator, working closely with the WI Rtl Center and DPI's Office of Early Learning to promote quality curriculum and assessment practices that are evidenced-based and honor the unique learning and developmental needs of young children.
