

Supporting the Mathematical Practices Grades K-5

Agenda - September 26, 2012

All participants should have:

- A copy of the Wisconsin Common Core Standards for Mathematics including the Glossary.
- Your primary classroom resource(s).
- A device to access the internet (ie: laptop, netbook, ipad)

Please be sure you picked up:

- Your nametag
- A folder

Please sit at a table most representative of the grade level(s) you teach (K-2 or 3-5)

8:15-8:30	Networking
8:30-9:00	Welcome and Mathematical Practices Introduction
9:00-11:30	Digging into the Practices
11:30-12:30	Lunch on your own
12:30-2:45	Integration of the Mathematical Practice Standards and the Grade Level Content Standards
2:45-3:00	Wrap up/Reflection/Exit Ticket

Future Statewide Title I Network Math PD

- Developing Number Sense for ALL Students (K-2) – October 16, 2012
- Data Development in Grades 8-12 – November 15, 2012
- Elementary Domains of the Common Core (K-4) – November 27, 2012
- Geometry and Data Development in the Middle Grades (5-8) – January 16, 2013
- How Do Numbers and Operations Support Algebraic Development (3-6) – February 28, 2013

Additional Math Workshops Offered at CESA 6

- Designing Units of Instruction – October 2, 2012
- How Do I Assess the Common Core Standards in High School Courses? – October 18, 2012
- Math Readiness: A Mystery or Documentary (K-4) – October 31, 2012
- Learning Math with Success (6-12) – November 2, 2012
- Developing a Math Foundation to Withstand the Big, Bad Wolf (K-4) – November 5, 2012
- Shaping Elementary Geometry (2-5) – December 19, 2012
