

# Geometry and Data Development in the Middle Grades (5-8)

January 16, 2013 • 8:30 a.m. - 3 p.m.

**Presenter: Mary Ann Hudziak**  
CESA 6 Coordinator of Math and Science

### Description

The data and geometry Common Core standards indicate some differences from our previous standards. This workshop will lay out those differences and provide structure and direction for instructing our current standards. We will also discuss access of these standards for students with gaps and language barriers.

### Workshop Objectives

- Understand the geometry domain found in the Wisconsin Common Core Standards for Mathematics for grades 5-8.
- Understand the data domain found in the Wisconsin Common Core Standards for Mathematics for grades 5-8.
- Understand the geometry and data horizontal and vertical progressions.
- Develop processes for incorporating these standards into your instruction.
- Look at resources available to help with this process.
- Consider how these standards can also be accessible for EL students and how they fit into your RtI plan.

### Who should attend?

Upper Elementary and Middle School math teachers, Title I Teachers/Coordinators, ELL teachers
