Darius Goes West!

During our October 26th session we will be viewing this critically-acclaimed documentary of the uplifting journey a 15-year-old with DMD takes with this friends...

Check out the trailer at

Many special educators and therapists are expected to provide consultation and/or services to students in general education and community settings but few feel they have had adequate preparation to do the job well.

Participants in this learning community will keep up-to-date on Wisconsin's State Performance Plan (SPP) early childhood indicators #6, 7, and 12; review functional IEP goals and LRE requirements (aka Preschool Options) and engage in reflective practices to develop competencies in the area of effective consultations and provision of itinerant services.

*A one-credit option has been applied for through UWL. Details to follow.

*Light meal included.
