

## **NWEA-MAP Level 3 Training**

### Level 3 – Climbing the Data Ladder

**Workshop Description:** This one-day workshop is designed primarily for teachers. After developing the skills to understand and interpret data in the Stepping Stones to Using Data workshop (Level 2), teachers are often challenged by how to best apply data directly to improve classroom instructional practices.

This workshop will focus on:

- Methods of Differentiation
- Using state standards and the DesCartes in lesson planning
- Creating instructional ladders
- Using Lexile reading scores

Participants will learn more about using tools such as DesCartes and the Lexile Framework for Reading to differentiate instruction and improve learning.

**NOTICE:**

CESA #3 is implementing a new event registration process and service tracking system for the 2009-10 school year. This program will allow you to register (become a member) once and your information will be saved for future registrations. You will be able to view reports based on workshops/trainings that you have attended through CESA #3 for professional development reporting, etc. To register on the site you will need to answer some basic questions. This is one time only and you will then be given a user name and password for future registrations.

All on-line registrations are tentative until a purchase order is received by the CESA #3 business office. Please follow your local district procedure to complete a purchase order for registration completion.
