

Teaching Complex Texts in Academic & Technical Disciplines: Meeting the Common Core Literacy Standards

Save the date:

Tuesday, Oct. 23, 2012

At CESA #4, West Salem

Presented by **Doug Buehl**, National Literacy Consultant

Audience: 6–12 Content Area Teachers:

- Science
- Social Studies
- English
- Math
- Tech. Ed
- Ag. Science
- FCS
- Business Ed.
- Marketing

Attend this interactive workshop that aims to answer:

How will Wisconsin's adoption of the Common Core State Standards for English Language Arts and Literacy in History/Social Studies and Science/Technical Subjects change instruction in middle and high school classrooms?

This workshop examines literacy practices that boost comprehension as well as mentor students as readers of complex texts as they strive to meet the literacy challenges within the different academic disciplines they study.

Registration Cost: \$150 per person

Adolescent Literacy Leaders Network (ALLN) Member Special Pricing: ALLN Member FREE when you register a content area teacher from your district.

CESA #4 Perkins Consortium Members: Each member district receives one FREE seat for a CTE teacher.
