DPI Longitudinal Data Site

Tuesday, November 13, 2012
9:00 AM—3:30 PM
CESA 8 Office

Feeling lost when it comes to DPI's Longitudinal Data Site? Let Eric Larsen pilot you through the following:

MDAT—Multi-Dimensional Analytical Tool
This application allows authorized users to create reports comparing student achievement over time utilizing WKCE and other data sources. MDAT provides authorized users the capability to analyze student-level information as well as to compare to district and state averages.

The Safe—Secure Access File Exchange
An application that allows authorized users to access confidential data files and reports. This application enables authorized access to the following reports:
- Accountability Report Cards *Not yet available*
- Annual Measurable Achievement Objectives (AMAO) District Profile Reports
- Student Growth Percentile (SGP) Reports
- Value-Added Reports

WISEdash
This application is a dashboard and reporting tool that allows users to access a wide variety of education data. Data included in the current version of WISEdash include enrollment and attendance, WSAS, ACT, AP and Student Growth Percentiles. In this tool authorized users have the ability to search students by student name.

Cost: $50.00 per workshop per participant from Curriculum Instruction & Assessment
$100.00 per workshop per participant from school districts outside of CESA 8.

Registration: All registration will be made through our online system which can be found at **www.myQuickReg.com,** or go to the CESA 8 webpage and click on the red link at the bottom of the page.

Registration Deadline: October 30, 2012

Information: Eric Larsen, elarsen@cesa8.k12.wi.us, or
