DPI Longitudinal Data Site

**Value Added Learning and Assessment Center Day for Principals,
Curriculum Directors, and Special Education Directors**

Tuesday, December 11, 2012

8:30 AM—3:00 PM

Feeling lost when it comes to DPI's Longitudinal Data Site? Let Eric Larsen pilot you through the following:

MDAT—Multi-Dimensional Analytical Tool

This application allows authorized users to create reports comparing student achievement over time utilizing WKCE and other data sources. MDAT provides authorized users the capability to analyze student-level information as well as to compare to district and state averages.

The Safe—Secure Access File Exchange

An application that allows authorized users to access confidential data files and reports. This application enables authorized access to the following reports:

- Accountability Report Cards *Not yet available*
- Annual Measurable Achievement Objectives (AMAO) District Profile Reports
- Student Growth Percentile (SGP) Reports
- Value-Added Reports

WISEdash

This application is a dashboard and reporting tool that allows users to access a wide variety of education data. Data included in the current version of WISEdash include enrollment and attendance, WSAS, ACT, AP and Student Growth Percentiles. In this tool authorized users have the ability to search students by student name.

Registration: All registrations can be made through our online system which can be found at www.myQuickReg.com, or go to the CESA 6 webpage and click on the blue link at the bottom of the page and scroll down to the date...December 11, 2012.

Registration Deadline: November 30, 2012

More Information: Donna Runice, drunice@cesa6.org or phone 920-236-0534.
