First time users will be

asked to create a user

profile in order to

register for this and

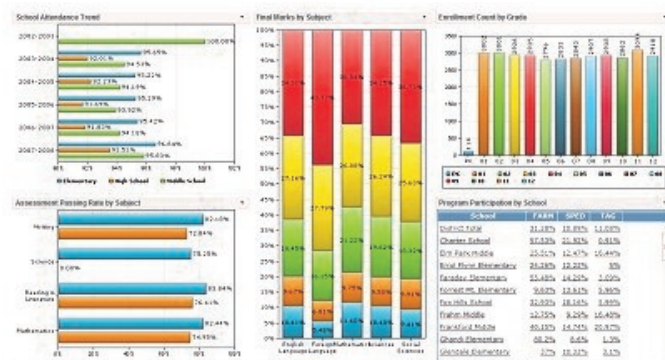

other CESA #2

workshops.

## REGISTRATION

### DEADLINE:

November 19, 2012

**Morning:** We will review, step by step, how to use the Multi-Dimensional Analytic Tool (MDAT) and the new Wisconsin Information System for Education Dashboard (WISEdash) from DPI. We will explore the various reports that can be generated and discuss how these reports may be useful in your school improvement work.

**Afternoon:** We will finish the review of these tools and have time for individuals or teams to dig through their data in these systems. Kevin will be available to answer questions and support your work.

**Target audience:** District office staff, DACs, administrators - anyone using WKCE data or DPI data systems

**Cost:** \$50 - includes lunch and materials

Please bring a laptop with you!
