9:00AM—11:00AM

Welcome to a New Level of Service for your Medicaid Needs!

Kompas Care provides a comprehensive support system for school districts including web-based billing and tracking software, audit protection, attendant care processing support, parental consent processing, staff pool certification, transportation tracking, quarterly financials and more.

WHO SHOULD ATTEND: Any district personnel that assist with staff pool lists and quarterly financial reporting (i.e. bookkeepers, administrators, SPED directors and/or secretaries)

Initial training as part of your district's service plan will overview the SBS process by discussing staff pool list accuracy, the importance of Random-Moment Time Studies and review of the quarterly financial reports.

Please bring your laptop, payroll information for staff on staff pool lists, direct medical services supplies costs and specialized transportation cost information (drivers' names, salaries and fringe and contracted amounts to third parties).
