

Google Tools for Teaching & Learning

January 16 – February 13, 2013
Online Course

Presenter: Mary Maderich, CESA #12 Technology Specialist

This four-week online course, facilitated by an instructor, includes the essentials working with the suite of Google Apps: Google Word Processing, Google Spreadsheets, Google Presentations, Google Forms (surveys), Gmail, Google Calendar and Sites for building websites. This course involves four hours of weekly work that combines the exploration and implementation of Google Apps into your classroom. This course focuses how the apps work and how they can be used in the classroom!

Registration Fee: Checks should be made out to CESA 12

- **\$135 CESA #12 Educational Technology Consortium Plan A School Districts:** (*Drummond, Maple, & Washburn*)
