

# Bullying Prevention: Building Social and Emotional Skills in Early Childhood

CESA #4 with collaborative support from News 8 is offering an amazing opportunity to examine the issue of bullying at its most influential level: Early Childhood (**Birth through 4K/PK**). In addition to definition and discussion, we will also be identifying the strategies and resources available to provide our little learners with a critical foundation for social, emotional and educational success while teaching the values of respect, empathy and cooperation. *Please join us for this exciting and rare one-day workshop as we also give away anti-bullying and anti-teasing books endorsed by CSEFEL and the Wisconsin Pyramid Model!*

**Monday, February 25, 2013**  
**8:30am—3:00pm**  
**8:00am Registration**
