

# Math Expressions & the Common Core (K-5)

Thursday, January 10, 2013 • 8:30 a.m.—3 p.m.

**Presenter: Mary Ann Hudziak**  
CESA 6 Coordinator of Math and Science

## Description

Have you made the decision to use the 2013 edition of Math Expressions for your K-5 textbook? How can you get the most out of this decision? How can a teacher take full advantage of how this textbook has incorporated the Common Core Math content and practice standards? These are just some of the questions that will be addressed in this one-day workshop.

## Workshop Objectives

- Learn the purpose and benefit of the 8 mathematical practices found in the Wisconsin Common Core Standards for Mathematics.
- Understand these practices and how Math Expressions (MX) has organized them for instruction.
- Use resources available within MX to guide and assess the student learning of the standards.
- Review other features available and how to utilize them in planning your instruction.

## Materials to Bring

Please bring your Math Expressions resource materials. You may also want to bring a computer with wireless access to record your work and to access templates and any other electronic resources.

## Who should attend?

- Elementary Classroom, Title I, and Special Education Teachers
