iPad Starters

The iPad starters class is for educators who want to know how to use the built-in features of your iPad. In this class, you will learn the following:

- Explore basic navigation, native apps already on your new iPad, and accessibility features of the iPad
- Learn how to search for new apps in the Apps Store
- Learn about settings and how to access wireless on your iPad from any Wi-Fi access point

December 12, 4:00 pm – 5:30 pm
