You have heard the buzz and wondered what this is all about. This book study is intended for those teachers interested in implementing the Daily 5 and Café in their classrooms while having a support system. We will work our way through the books. We will be exploring the five areas of the Daily 5: Read to Self, Read to Someone, Listen to Reading, Work on Writing, and Word Work, and the Café: record keeping and conferring. Participants are responsible for purchasing their own books prior to the start of the book study and reading the first 3 chapters of Daily 5 prior to the initial class. Video clips to model the various structures and strategies will be viewed.

One credit will be available for \$130 through St. Mary's University. This is the same book study that was held two years ago. If you took the book study for credit previously, you will not be able to take this for an additional credit. This offering is sponsored through the State Title I Network.
